Bona Vista provides drinking water to residents living within the boundaries of the District which includes the cities of Plain City, Farr West, Harrisville and Marriott-Slaterville. To make it convenient for their residents, these cities have contracted with Bona Vista to bill for services that they offer their residents such as garbage, recycling, storm water, etc. This allows residents to pay a single bill each month instead of two or more.

If you have questions regarding services other than your drinking water, please use the contact information below to contact your city offices or other local service provider.

**Rates are subject to change based upon drought conditions.**
